The Chris Norman Ensemble

Afternoon Concert
3:00 pm
UW-Platteville Center for the Arts

Hailed as one of the finest flute players of our time, Chris Norman proves over and over again that the simple wooden flute is the original and still unsurpassed-woodwind of expression, passion, joy and subtlety.

Norman's flute playing can be heard featured in the Oscar winning soundtrack of *Titanic* as well as other films including *Stone of Destiny* and *Soldier*. His solo CD releases have received unanimous praise from critics and audiences alike. His debut *Man With the Wooden Flute* made the Billboard crossover charts for 12 weeks. Since that time Norman has collaborated, toured and recorded with some of today's most seminal artists in the genres of early music and traditional folk music, including *Helicon, Skyedance, The Baltimore Consort, Concerto Caldonia* and his own *Chris Norman Ensemble.*
